

# Deliverable 2: Reflection Mind Map

Self-Awareness, Triggers & Emotional Regulation

30% Journey Milestone Completed

**Congratulations on completing the second step of your journey!** 30% through! Great progress..... But before we go ahead, let's reflect upon what you learned during this module regarding self-awareness, identifying triggers, self-control techniques, and sustaining motivation.

## Assignment Objective

*Create a mind map illustrating what you would have done differently. Explain the incident as it happened in short, identify your specific triggers, and outline how the situation would play out now with your new understanding of self-awareness. Include your regulation technique and how you will keep yourself motivated.*

## Mind Map Breakdown & Reflection Fields

### 1. The Incident (Briefly explain what happened)

Summarize the challenging event or interaction briefly.

### 2. Trigger Identification (What triggered you?)

Pinpoint the underlying emotional or psychological triggers involved.

### 3. Reframed Scenario (How will it play out now?)

Describe how your newfound self-awareness changes your response.

### 4. Regulation Technique & Motivation

Specify the self-control technique used and how you maintain motivation.

### Submission Checklist

- ☐ Design and complete your mind map representing the sections above.
- ☐ Submit your mind map file explaining your response before the deadline.
