

Deliverable 1: Reflection Assignment

Emotional Intelligence & Life Journey

15% Journey Milestone Completed

Congratulations on completing the first step of your journey! Just JUMPstarting your journey and you've already made 15% through! Before going ahead, it is important to reflect upon whether your understanding of life has evolved as a result of completing the first module.

Reflection Prompt

"Reflect on a time when you realized that someone was being unreasonable over something small; how it made you feel. How did you deal with the situation?"

Emotional Intelligence (EQ) Analysis

Now having an understanding of what Emotional Intelligence (EQ) is and what its components are, address the following questions:

1. What would you have done differently?

Consider how applying EQ components—such as self-awareness, empathy, or emotional regulation—would have changed your approach.

2. Do you think knowing about EQ back then would have made a difference? If so, HOW?

Reflect on how emotional intelligence could have de-escalated the situation or improved your communication and emotional response.

Submission Checklist & Next Steps

- ☐ Record a 1-minute video explaining your response using Zoom or your laptop camera.
- ☐ Upload the video file directly below the module deadline.
- ☐ Provide constructive feedback to at least 2 of your peers on their submissions.
